Issue Paper

April 12, 2006

Version 1.0

ISSUE TITLE: Green Tier Advisors Work Plan for 2006 meetings.

ISSUE SUMMARY: The Green Tier Advisors asked for a Work Plan be developed to chart a timetable for addressing issues.

Author: Carla Wright

Contributors: Green Tier Advisors
Cooperative Environmental Assistance

Background: During the December 2005 meeting, the Green Tier Advisors identified issues to address in upcoming meetings. Those issues as well as a few additional issues are listed on the attached spreadsheet with suggested meeting dates for discussion.

Alternatives:

Discussion: A single Work Plan has been developed as an Excel spreadsheet. If additional issues are identified for future discussions, they can be incorporated into the spreadsheet. Discussion should answer the following questions:

- Is the proposed format useful?
- Is the schedule and sequence of addressing issues appropriate?
- Are there additional issues to be incorporated or other changes necessary at this time?

Discussion Synopsis: [To be completed after the meeting.]
